

AusRoller BANNER

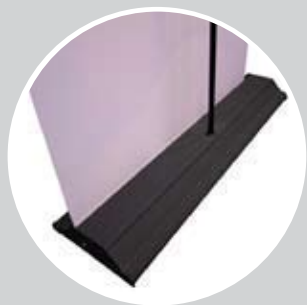

The AUS Roller Banner is our premium retractable banner and is a high end roll up banner stand. The stand has a wide base is made from high grade SOLID aluminum.

Comes with a quality built in roller mechanism - banner retracts into base which ensures that your banner is protected during transportation or when not in use.

Quick and easy to erect and graphics can be easily changed. Each unit comes with its own padded carry bag.

All elements have their own compartments in the padded carry bag.

Solid base for a more durable and compact unit.
