

# BROCHURE STANDS

## Scissor Brochure Stand

Safety locking mechanism

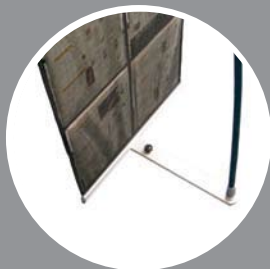

Double sided display with deep lip to hold more brochures

The Scissor style folding Brochure Stand is accessible on both sides (thanks to the sawtooth arrangement of trays) and comes in a protective locking case. The frame is of durable aluminium construction & features transparent acrylic panelling on which the brochures rest

Strong & lightweight nylon polymer mesh A4 sized pockets keep your brochures nice and tidy. The streamline stand doesn't take up much space when set up and can be stowed away in a hand held carry bag.

## Nylon polymer mesh

Designed to hold 4 sets of A4 brochures nylon mesh pocket panel with an aluminium base.

Folding design for a more compact, light weight unit.
