

Pop up banner WALL

The Lightweight Pop Up Display Wall is used to display large format fabric (soft cloth) continuous graphics.

With this unit, the large Fabric panel is attached to the Lightweight Pop Up Display Wall structure via the highest grade Velcro application.

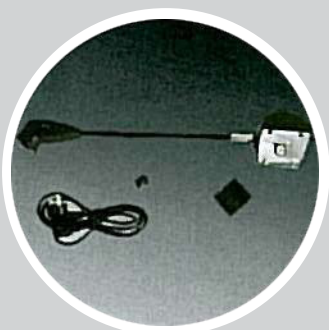

Made from quality anodised aluminium alloy, each Fabric Lightweight Pop Up Display Wall comes its own portable trolley duffle transport case.

Easy access to the tension bar.

Digital print attaches straight to the frame with Velcro.

Includes two mountable spot lights and leads.
