

PLEASE READ THE INFORMATION BELOW CAREFULLY

Before sending your digital files, please read the following specifications. If you are unsure about the specifications please do not hesitate to contact us prior to sending your file. At the time of quotation Double Impact Displays assume that the digital files supplied are correctly prepared and 100% ready to run. Additional charges may be incurred if corrections or amendments to the files are necessary.

ARTWORK SET - UP

1. Please provide original Illustrator, Photoshop, InDesign files if possible rather than flattened files. Other acceptable files include layered PDF and EPS.
2. All fonts must be outlined or supplied.
3. For colour accuracy please specify colours as PMS coated values or supply us with an approved colour hardcopy
4. For layout and accurate reproduction of images a full colour "hard copy proof" must be supplied.
5. All projects may require artwork to be setup to custom specifications to match on-site measurements.
6. Files layered with Cutter, Folds, Rich Blacks, Spot White, Glue areas etc. if necessary.

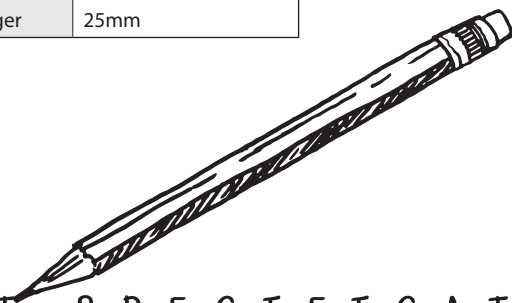

IMAGES

1. Images need to be min 135dpi at final print size
2. Please provide EPS, JPEG or PSD file format in CMYK
3. Include all images to be linked to the file or embedded.
4. Image files to include transparencies

FILE TRANSFER

- Files up to 10mb can be emailed to didooffice@doubleimpact.com.au
- Larger files need to be supplied via a transfer service such as We Transfer or Dropbox

TERMS AND CONDITIONS

While we take great care in checking your files for file related errors, we can take no responsibility for errors in client supplied files.

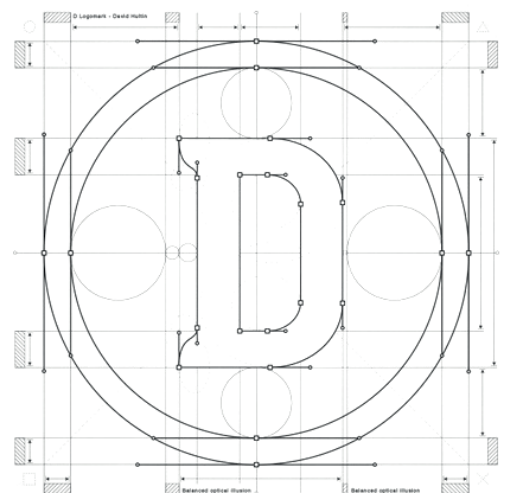

If a printing error is a result of incorrect artwork supplied by client, the client will be responsible for reprinting and associated costs.

While all care is taken in matching your colours, a 100% match is not always possible.
